

# It Happened TODAY

## People

**Madame Chiang Kai-Shek** is taking it easy for the rest 10 days. She is vacationing at the J. P. Morgan estate in New York state as guest of Gen. and Mrs. George C. Marshall. Her visit was described as "purely social."

MADAME CHIANG KAI-SHEK ... On vacation.

**Paul G. Hoffman**, Economic Cooperation Administrator, is now en route to Venice. On a fact-finding trip to see how Marshall Plan aid is coming along, Hoffman has already visited Ireland and France.

Two unrelated Mackenzies are battling it out on the educational front. Dr. Norman Mackenzie, president of UIC, suggested that a lot of people want to go to university but never get a chance to go. Dean C. Mackenzie, president of the National Research Council, replied that there are a lot of people who never want to go to college.

**Admiral Richard E. Byrd**, famed explorer, is going to stay home this fall. An Antarctic expedition that he was to have led was called off by the navy for "unfavourable reasons of economy."

## Canadian Affairs

Alberta isn't the only province short of teachers. Estevan school unit in Saskatchewan faces a critical shortage of teachers this fall. Unit Secretary H. J. Whyte said it is significant that all shortages which have developed in the summer have been in rural schools.

Fishing captains returning to Newfoundland from Northern Labrador are reporting the most serious damage in years to vessels and equipment in last week's heavy storms.

Canadian weather archives now have a permanent record of Arctic snowfalls. First, replicas of Arctic snow crystals, made last winter at a northern weather station, from plastic solution, now are under close scrutiny by Toronto weather bureau officials.

A bit of British Columbia's history began crumbling today at Victoria. Demolition started on the old post office on Government Street, the first federal building in the province. When erected in 1873, it cost \$25,000.

## Beran Breaks Silence To Accuse Czech Reds

By John R. Higgins  
PRAGUE, Czechoslovakia, Aug. 17. — (UP) — Archbishop Josef Beran has accused the Communist government of interfering in his palace, stripping him of his religious rights and seizing his church funds.

## The Bulletin's Travel Guide

CNR—Trans-Continental Ferry 40 minutes late. All others on time.  
CPR—All trains on time.  
NAR—All trains on time.  
TCA—All flights expected on schedule.  
CPA—All flights expected on schedule.

**HIGHWAYS**  
Light rains in Grande Prairie, Dawson Creek and Beaver Lodge districts have made the roads muddy.  
Most other roads in province reported as being in fair to good condition.

ALBANY, N.Y., Aug. 17. — (AP) — A total of 130 auto police cases were reported in New York state today by the health department.  
The state total for the year was 1,583 cases, of which 1,021 were in New York City and 561 outside.

## U.S. Thought Muffling Japan

Pro-Western Japs Believe Emphasis Being Misplaced

By Ernest Hoherecht  
TOKYO, Aug. 17. — (UP) — Many leading pro-western Japanese think the Allies are muffling their big chance to bring about some really important changes in the Japanese way of thinking.

The situation was explained by a member of the Japanese cabinet, who naturally doesn't want his name used because he likes his job and doesn't want to get in bad with occupation officials.

**ECONOMIC EMPHASIS**  
"The big mistake being made now," he said, "is that nearly all the emphasis of the occupation is being put on Japan's economic recovery. Too little is being done to change the old Japanese way of thinking. Too few changes have been brought about in the school system, where tomorrow's Japanese are trained."

This member of the cabinet pointed out that even in Gen. MacArthur's headquarters the number of people concerned with the "re-education" of the Japanese is small in comparison with the number working to bring Japan's economic problems.

**AUTHORITIES DIFFER**  
He said one set of MacArthur's experts have ordered the Japanese to start an educational program to "bring new ideas to Japan," but another set, with more power, will not let the Japanese government spend the money necessary to put the education into effect.

Some officials of MacArthur's headquarters complain about the same thing. They say privately "bring new ideas to Japan," but another set, with more power, will not let the Japanese government spend the money necessary to put the education into effect.

**EDUCATION SCARCE**  
The Japanese cabinet member pointed out the following situation as standing in the way of the Allied program to re-educate Japan.

There are less than 200 professional U.S. educators in Japan, fewer than enough to operate the school system in a city the size of Dallas, Texas.  
If the education people in Gen. MacArthur's headquarters started out to check on whether the Japanese were obeying the education directives, it would take 40 years to do the job because of the lack of personnel.

**NOT ENOUGH BUILDINGS**  
American emphasis on the economic program prevents the construction of the necessary number of buildings because the materials are "needed" elsewhere.

Japanese teachers are so underpaid that it is impossible to get enough qualified instructors. The teacher gets approximately the same salary as a servant working in the home of occupation officials and doesn't have the chance to eat "leftovers" as servants do.

Although old text books were thrown out, paper shortages have prevented rapid replacement with proper texts.  
MacArthur's headquarters was slow to permit publication of books from outside Japan.

There has been insufficient retraining of those teachers who were not purged.

## Yugoslavia Denies Aiding Greek Govt.

BELGRADE, Aug. 17. — (AP) — Yugoslavia denied last night that its armed forces are aiding the Greek government against the Communist-led guerrillas in northern Greece.

The statement was made over the officially-controlled Belgrade radio a few hours after the Prague radio reported Yugoslav troops had engaged in conflict with the guerrillas.

## APPEAL FOR NURSES LAUNCHED AT COAST

VANCOUVER, Aug. 17. — (CP) — Another appeal for trained nursing personnel went out today as four new cases of poli were confirmed here.

This brings to 92 the number of victims treated in General Hospital since the outbreak began. Vancouver cases to date total 52.

In making the appeal, Dr. Stewart Murray, chief medical health officer, said the present staff is overtaxed.

One of the new cases confirmed today is from Vancouver and from Port Kells, one from Port Moody and the other from New Westminster.

## Huge Power Project

CANBERRA, CP. — Work on the \$40,000,000 Snowy River project in southeast Australia has begun. Within eight years it will provide 400,000 kilowatts of power and also water for irrigation.

## CURTAIN TIME

## Grain Shipping Rush Early

FORT WILLIAM, Aug. 17. — (CP) — Early harvesting of grain from the rich wheatlands of the prairie provinces spurred on by recent hot weather—has led to expectations that the annual rush of freight cars to the lakehead will begin early too.

The tempo of freight car arrivals began increasing this week, a spokesman for the inspection department of the board of grain commissioners, said today. "A good 50 per cent" of current grain arrivals is made up of the new crop.

**1,840 CARS IN YARDS**  
At midnight Monday the Canadian Pacific and Canadian National Railways had a combined total of 1,840 cars of grain in the Fort William yards.

A. F. Hawkins, CPR official, said the extent of the grain rush still is hard to determine.

In the first week of August, cars arriving via CPR lines totalled 1,205, compared with 949 in the corresponding period of 1948. In the second week, the arrivals were 1,665 compared with 1,269. So far this month, arrivals on CNR lines number 1,865 cars of grain and on the CPR 3,174 cars.

**QUALITY GOOD**  
One elevator official said that what he had seen of the new grain gave every indication of a good crop, with early arrivals of wheat, oats and barley showing that the grains to be of a good quality.

"So far the grain is good, and we can probably continue to expect good grain if the harvesting weather continues as it is."

## Agree to Claims

LONDON, Aug. 17. — (Reuters) — The treasury announced last night that the Polish government had acknowledged claims to compensation for British property nationalized in 1945, but said amounts had not been fixed.

## Student Friendship

STOCKHOLM, (CP) — Swedish school children have received a collection of year books from 18 high schools in Minneapolis, Minn., as well.

In Sideshow Entertainment

Burlesque at the Edmonton Exhibition is doomed.

## Juniors Win Calf Club Prize Money

Nearly \$300 in prize awards was distributed among 16 contestants with entries in the East Edmonton Junior Dairy Calf Club. R. J. Whitbread, district agriculturalist, here reported today.

Presentation of awards was made by G. M. Gibb, on behalf of the junior club's adult executive at a recent meeting in East Edmonton hall.

Top placings in each contest were as follows:

Calf class first prize, Earl Briggs, second, George Gibb, Jr.; third, Eileen Stannard.

Heifer class first prize, Eileen Stannard; second, Arnold Briggs; third, Earl Briggs.

Best dressed calf entry, first prize, George Gibb, Jr. Youngest calf member, George Stannard.

Provincial government and eight business firms contributed the prize money.

Speakers included Mr. Whitbread who praised efforts of the youngsters for high quality of entries in the competition and for the generally successful year of the club.

Howard Fulcher, junior activities branch, department of agriculture, addressed the club on junior dairy club work.

**Legion Group Plans Picnic**

Montgomery Branch Legion members, their wives and youngsters are hoping that weatherman will be in a good mood next Sunday.

A big time has been promised in definite arrangements to hold a picnic in Victoria Park.

The annual picnic, which has become something of an institution with the Legion, was cancelled last year due to a seasonal epidemic of poliomyelitis.

This year there will be attractions for all and a day-long program of sports events and competitions, if weather is suitable.

Annual highlight of the affair which attracts many hundreds of spectators is the tug-of-war struggle.

**Athabasca Area Hit By Heavy Hail Toll**

Severe hail damage to about 4,000 acres of grain crops in the Athabasca area, 100 miles north of Edmonton is noted in a crop report issued today by Alberta department of agriculture.

Athabasca hail storm is in addition to the severe storms of two weeks ago that caused heavy damage in Westsask, Camrose, Leduc, Tofield, Vegreville and Vermilion districts.

Crop conditions are described as "fair to good" in southwestern Alberta and in the Peace River district. Most other districts are "poor to fair".

Harvesting will be general between Aug. 25 and the end of the month, it is predicted.

**LITTLE CUTTING**

Not much cutting has been done in north and central areas but if fine weather continues a general start should be made shortly. Average wheat yield should be about 15 bushels per acre.

Recent heavy rains in most central districts.

Hay crops, roughage and feed grain stocks have also improved as a result of moisture.

Livestock is in fair condition in all areas.

Pasture improvement has been reflected in milk production. Butter fat receipts are down 0.2 per cent at Alberta creameries in July, but drop would have been much greater if drought had continued.

Butter fat receipts for the Dominion as a whole has increased 5.5 per cent over July of 1948.

**LAZY LIFE** won't last long for Dobbin and his friends. Hard work of threshing time, only few weeks away, will end leisure, and break up sunny afternoon sessions of fence leaning like this snapped by Bulletin staff photographer Eric Bland in field near Oliver.

COOKHOUSE DOOR was welcome bugle symphony to ears of large company of American GI engineers here on trek from U.S. bases. Convoy of 84 vehicles lumbered its mile-long way out of city in early hours today headed for Whitehorse to plan and set up military base for other convoys in preparation for American-Canadian military exercises this winter. In Edmonton, troops encamped at Exhibition Grounds.

## If Fish Is the Dish, It's News to Us Here

### FIST-FLINGING PALS GET THEIR IRISH UP

Shure, and it was a good old fashioned Irish fight—all between friends.

Police were summoned last night to break up a fight in an alley near a downtown beer parlor. On arrival they found that one pugilist was getting the better of the affray as a result of skillful use of a shillelagh. He had also pulled a knife which he was holding in readiness in case of need.

Police took the pair to the station where the blood was washed off. The battered boxer declined to lay charges against his club-wielding chum.

—After all, it was all between friends.

## Yanks Credit-Happy, Our Budgeting Sound

"Rubber cheques" are bouncing merrily in the United States as Americans show a tendency to overbuy on credit.

But business in the U.S. expected to decline steadily until the end of this year, will make a recovery in 1950, according to Lynn S. Crowder of St. Louis, Mo., general manager and treasurer of the National Retail Credit Association.

Mr. Crowder addressed a meeting sponsored by the Edmonton Credit Grantees' Association at the Corona Hotel last night.

The speaker said that spending in Canada "does not seem to be decreasing" but in any event, the credit situation here is sound.

Pointing out that in the United States the tendency is to overbuy on credit, Mr. Crowder said collections now are "about four or five times as hard to make as they were a year ago."

Chairman of the meeting was Chris MacDonnell, president of the Edmonton Credit Grantees' Association.

**Chief Advises Don't Drop That Handbag**

Bargain hunting can be a costly business.

Chief Constable Reg Jennings warns that many women lose their purses and handbags when they become preoccupied with their shopping and lay them on the counter.

Often they forgetfully wander off to other counters leaving the tempting targets lying unprotected.

The alert shoplifters and petty thieves who loiter in large stores do not miss such easy opportunities, the chief warns.

His comment was prompted by a report this morning by Ann Marylak, 11120-100 avenue, that she had lost a handbag containing \$125 in a downtown department store.

When cheques start flowing out to U.S. veterans some time in January, 1950, the money is expected to reach a maximum of 200,000 daily.

**Farms Flooded**

MAQUETTE, Mich., Aug. 17. —BUP—More than 25 sections of farmland involving hundreds of acres of swathed grain were reported under water today following heavy rains over the week-end.

Do you like fish?

You're no exception if you don't, because western Canadians eat just half as much fish as the average Canadian.

Recently federal minister of fisheries, Hon. R. W. Mayhew said in Edmonton the federal government is seeking provincial co-operation in an educational campaign to increase fish consumption, now on a five pounds per year average.

It looks as though the federal and provincial governments are going to have to do a lot of "educating" if they expect to increase fish consumption in Edmonton, at least.

According to a survey of people who know something of the eating habits of Edmontonians, the whole trouble is that we're not fish-conscious here.

George Campbell, head waiter at Johnson's Cafe, told The Bulletin: "We've got some heavy fish eaters but we don't sell much compared to the amount of meat we sell."

Trout, finds Mr. Campbell, is most popular with his customers, with halibut taking second place. Sale of fish depends a lot on the way it's prepared, he says. If it's fried well, people like it—proper frying means the fish will be not too dry and will have a good flavor.

But does Mr. Campbell like fish? "No, I hate it," he told The Bulletin emphatically.

Miss Eleanor Cairns, dietitian at the University of Alberta cafeteria, said that most people who eat on the campus don't like fish. "We're not educated to fish," she stated. "Besides, we don't get the beautifully fresh fish they do at the coast."

**REFRIGERATION GOOD**

Sid Smith, a clerk in one of Edmonton's biggest meat departments, said his firm sells only about one-quarter as much fish as meat, perhaps less.

Beef is the big seller in city meat markets.

He thinks more fish is sold nowadays than once was, because it's better handled.

"There's more refrigeration now," he said. "The problem is to keep your fish looking fresh and sweet and smart-looking. If it looks good, they buy your selling is over."

"Canadians here aren't educated to fish. We're just not fish eaters."

## Publicity Man To Head Skiers

Alberta will have one of its own ski experts in charge of the next international ski meet at Banff on Feb. 4-5, 1950.

He is Norman Rault, member of the provincial department of economic affairs publicity bureau.

It is expected that fully 50 teams will compete in the meet next winter.

Last winter there were 12 teams from Canadian provinces and the United States.

## Fewer Car Purchasers Paying Cash on Line

Mr. Edmonton hasn't as much ready dough in his jeans these days, but he's still making enough money to drive a car.

He's doing it the "easy" way—as much down and as much a month.

Managers of two auto financing establishments in Edmonton admitted that their business is "almost doubled" over last year.

What does this indicate? According to one of the credit men—and he should know—the rate of the realm is not so easy to get hold of as it was a year ago.

The little guy who wants a car today gets it the way he got it before the war.

**MORE CARS**

He goes to one of the credit houses, pays his third down and leaves the rest to the money men.

But things haven't hit rock bottom yet.

One credit firm manager pointed out that Edmonton car buyers are paying a "little more" than they have to according to standard credit rules.

The minimum down payment on new cars is one third of the cost price.

The fact that more cars are available today—the invasion of the English models eased the shortage—could account for some of the increase in credit buying.

But with the credit people helping out twice as many buyers than they did last year there's only one answer:

It's getting tougher and tougher for the little guy to sail away the automobile.

## EVEN WOMAN SHOPS FASTER THAN THIS

Kenneth Hegstrom, BCAF, Edmonton, thinks his customer is taking a little too much time to make up his mind.

He has a motorcycle for sale. He told police Monday morning that a potential customer called and asked permission to take the machine for a trial spin around the block.

That was the last Hegstrom saw of the customer—the motorcycle.

## Safety Drive Plans Progress

Traffic Safety Week plans were advanced today at a meeting of representatives of Chamber of Commerce, Alberta Motor Association and Edmonton Safety Council.

Publicity, budget and stunts committees presented progress reports on various aspects of the week's program.

It is expected that at the group's next meeting on Tuesday, fall-back proposals will be set for educating Edmontonians, both motorists and pedestrians, in traffic safety during the week Aug. 29 to Sept. 3.

## WOODWARD'S . . . YOUR FAMILY SHOPPING CENTRE

FOOTBALL HABERDASHERY on ground and on Doug Swail, above, typifies what well-dressed Edmonton Eskimo gridgers will be wearing this season. Included in gear is helmet, shoulder pads, T shirt, sweater, two pairs of socks, hip pads, pants and boots. Promising backfielders like Swail also come equipped with footballs under their arm.

## Eskimo Gridders Rate Iodine and Bandage Title

By Dick Beddoes

Edmonton Eskimos may not win the Western Conference football championship this fall. But at this early date in the season the Eskies can justifiably claim the Iodine and Bandage laurels in the west.

For at the moment the Eskies are crooked up worse than any other team on the prairies. In addition to chipped teeth, black eyes, and flagrant incisions which are picked up in the ordinary course of events when football players bash each other for pastime, the Esk injury roster looks like this:

Pat West, hospitalized by a mosquito bite on his leg which he scratched into festering proportions.

Andy Marefos, sidelined with a strained leg muscle.

Bill Radovich, relegated to a stationary role as line coach due to a strained back.

Nate Shore, nursing a sore head where someone's boot caromed him in a scrimmage last week.

Don Siman, limping around with a sprained ankle which has plagued his athletic activity all summer.

George Shortreed, filling in as messenger boy between the huddles and coach Anna Stukas since sustaining back and shoulder injuries in an automobile mishap two weeks ago.

KEN MOORE  
... Best lineman to date.

### MOORE BEST LINEMAN

With all the aforementioned talent in drydock Stukas had to patch up two lineups like old pairs of pants for last night's scrimmage.

The resulting duel between Reds and Whites was good in fits and starts. But it will have to be improved to the ninth degree in the 19 days which remain before our first game with Calgary on September 5.

Chuck Fennebach and Earl Elsey turned on spurts of running which indicated that they would be the sparkplugs of Eskimos' end run attack. General consensus was that Fennebach should become one of the great backs in Canadian football this autumn.

The line displayed plenty of raw ability. But the youngsters who are as green as the Clarke Stadium turf require more polish and greater finesse if they are to hold up that impressive backfield.

Line coach Radovich, replied that hefty Ken Moore is the best lineman in the Eskimo gloom today. He is big (215 pounds) and strong and versatile enough to play either guard or tackle. And his experience as a backfielder with Yarmet Golden Bears will make him an asset when it comes to backing up the line.

Six players were cut from the Eskimo roster following last night's drill.

According to Radovich, the mustache-wearing Dmille, dislodged from Vancouver is the best all-around end on the club. ... Jim Maerse has every possibility of becoming Eskimo's outstanding offensive threat in the end slot. ... that Gene Kinski, former Edmonton junior and Alberta amateur heavyweight wrestling champion, will be as tough as any lineman in the conference.

As a result it is doubtful if this city will be represented in the Western Canada Junior Hockey League next winter.

At a stormy meeting yesterday the committee was dissolved by chairman Bill Ruff when the three factions (EAC, Maple Leafs and Canadians) concerned with the venture refused to pass the puck among themselves.

The meeting was called to make a final draft of a plan whereby the Edmonton Exhibition Association would sponsor the composite club.

However, EAC president H. L. Laidlaw, Williamson refused to sanction the association taking over the club. Said he: "If we run the club, we cannot continue running Junior A hockey in Edmonton we must not allow anyone else to take over our interests."

Williamson contends that the National Hockey League (NHL) sponsoring the individual athletic clubs have no assurance of retaining their right to players from the composite club. This protection, he contended, was to have

## Auto 'Spiel Takes Shape

Associated Canadian Travellers' automobile bonspiel, to be held in Edmonton Oct. 31 to Nov. 5, is beginning to take shape.

Draw secretary Gordon Harkirk announced last night that Alberta's first car 'spiel' will have four events and semi-finals in each of the first three events will qualify for round-robin play for the cars. Fourth will be a special event. Four sleek new cars will be given to the winning rink.

Latest entries to reach the ACT are: Doctor Jones, Peace River; George Bisset, Dawson Creek; and D. W. Mop Nipawin, Sask. Entries should be mailed to the Associated Canadian Travellers, 9555-107A Ave., Edmonton. Closing date is Sept. 31.

### Jamieson Triumphs

VANCOUVER, Aug. 15.—(UPI)—Lanky Mike Jamieson, Calgary, won his first match in the British Columbia day courts tennis championships by defeating Jerry Limm, Vancouver, 7-6, 6-3 yesterday. Tourney is hours behind schedule due to rain.

### RUFF DISSOLVES COMMITTEE

Edmonton's composite Junior A hockey team fell apart like an old, worn out hockey glove yesterday.

And as a result it is doubtful if this city will be represented in the Western Canada Junior Hockey League next winter.

At a stormy meeting yesterday the committee was dissolved by chairman Bill Ruff when the three factions (EAC, Maple Leafs and Canadians) concerned with the venture refused to pass the puck among themselves.

The meeting was called to make a final draft of a plan whereby the Edmonton Exhibition Association would sponsor the composite club.

## Highlands Net Meet On Tonight

All is in readiness for the first annual Highlands Tennis Club tournament, which swings underway at 6 p.m. tonight. First night's play will be confined to men's singles, with other events leaving the gate Thursday.

Officials hope to reach the semi-finals by Saturday and polish off the finals Sunday. There is no shortage of trophies for the victors. Prizes that have been held in trust since the closing of activity at Highlands 15 years ago have been turned over to the new organization.

Tournament committee consists of: Ellison Edgar, Bert Roseborough, Spud Muir, Gordon McKenzie and Bob Muir. A junior tournament will be held at a later date.

Following is draws for Wednesday and Thursday:

Wednesday at 6 p.m.—MOR—O'Brien vs. Brookes; Shandro vs. King; Ward vs. Argue; and Bailey vs. King. THURSDAY at 6 p.m.—MOR—O'Brien vs. Brookes; Shandro vs. King; Ward vs. Argue; and Bailey vs. King.

Thursday at 6 p.m.—MOR—O'Brien vs. Brookes; Shandro vs. King; Ward vs. Argue; and Bailey vs. King.

Friday at 6 p.m.—MOR—O'Brien vs. Brookes; Shandro vs. King; Ward vs. Argue; and Bailey vs. King.

Saturday at 6 p.m.—MOR—O'Brien vs. Brookes; Shandro vs. King; Ward vs. Argue; and Bailey vs. King.

Sunday at 6 p.m.—MOR—O'Brien vs. Brookes; Shandro vs. King; Ward vs. Argue; and Bailey vs. King.

Monday at 6 p.m.—MOR—O'Brien vs. Brookes; Shandro vs. King; Ward vs. Argue; and Bailey vs. King.

Tuesday at 6 p.m.—MOR—O'Brien vs. Brookes; Shandro vs. King; Ward vs. Argue; and Bailey vs. King.

Wednesday at 6 p.m.—MOR—O'Brien vs. Brookes; Shandro vs. King; Ward vs. Argue; and Bailey vs. King.

Thursday at 6 p.m.—MOR—O'Brien vs. Brookes; Shandro vs. King; Ward vs. Argue; and Bailey vs. King.

Friday at 6 p.m.—MOR—O'Brien vs. Brookes; Shandro vs. King; Ward vs. Argue; and Bailey vs. King.

Saturday at 6 p.m.—MOR—O'Brien vs. Brookes; Shandro vs. King; Ward vs. Argue; and Bailey vs. King.

Sunday at 6 p.m.—MOR—O'Brien vs. Brookes; Shandro vs. King; Ward vs. Argue; and Bailey vs. King.

Monday at 6 p.m.—MOR—O'Brien vs. Brookes; Shandro vs. King; Ward vs. Argue; and Bailey vs. King.

Tuesday at 6 p.m.—MOR—O'Brien vs. Brookes; Shandro vs. King; Ward vs. Argue; and Bailey vs. King.

Wednesday at 6 p.m.—MOR—O'Brien vs. Brookes; Shandro vs. King; Ward vs. Argue; and Bailey vs. King.

Thursday at 6 p.m.—MOR—O'Brien vs. Brookes; Shandro vs. King; Ward vs. Argue; and Bailey vs. King.

Friday at 6 p.m.—MOR—O'Brien vs. Brookes; Shandro vs. King; Ward vs. Argue; and Bailey vs. King.

Saturday at 6 p.m.—MOR—O'Brien vs. Brookes; Shandro vs. King; Ward vs. Argue; and Bailey vs. King.

Sunday at 6 p.m.—MOR—O'Brien vs. Brookes; Shandro vs. King; Ward vs. Argue; and Bailey vs. King.

Monday at 6 p.m.—MOR—O'Brien vs. Brookes; Shandro vs. King; Ward vs. Argue; and Bailey vs. King.

Tuesday at 6 p.m.—MOR—O'Brien vs. Brookes; Shandro vs. King; Ward vs. Argue; and Bailey vs. King.

Wednesday at 6 p.m.—MOR—O'Brien vs. Brookes; Shandro vs. King; Ward vs. Argue; and Bailey vs. King.

Thursday at 6 p.m.—MOR—O'Brien vs. Brookes; Shandro vs. King; Ward vs. Argue; and Bailey vs. King.

Friday at 6 p.m.—MOR—O'Brien vs. Brookes; Shandro vs. King; Ward vs. Argue; and Bailey vs. King.

Saturday at 6 p.m.—MOR—O'Brien vs. Brookes; Shandro vs. King; Ward vs. Argue; and Bailey vs. King.

Sunday at 6 p.m.—MOR—O'Brien vs. Brookes; Shandro vs. King; Ward vs. Argue; and Bailey vs. King.

MOSQUITO BITES bother everyone to some extent, but Pat West's brush with said insect was of a more serious nature, causing a severely infected left leg. Former American professional ace takes his football on his back while recuperating in a public ward.

## ports

EDMONTON BULLETIN, Wednesday, Aug. 17, 1949

## Mohs Beats Par, Gains Semi-Final

Defending champion Vern Mohs advanced to the semi-finals in the City Amateur golf tournament at Municipal McDonald.

Mohs turned in five birdies over the 17 holes, carding a 63 while McDonald was taking a 65. Par for the distance is 67.

Match was all square at the turn, Mohs taking the eighth and ninth holes after McDonald had grabbed a two-hole lead.

McDonald went in front on the 123-yard par three 12th with a birdie two, but he slipped badly on the next four holes, carding successive five while Mohs was taking three holes.

In the last hole—165-yard par three 17th Mohs drove his tee shot within eight feet of the cup. Only an ace would keep McDonald in the game. He drove hit the green and stopped four feet short of the hole. Both took birdie two.

In another quarter final match, Emerson Mack, winner of the recent Westkennish tournament, shaded Bill Gostick one up. All squares on the 17th, Gostick's drive went in the rough on the 18th fairway. Mack took a par five while the Highlands star was carding a bogey six.

JENNINGS WINS

In a second round match Ken Jennings defeated Ted West 3 and 1 to advance against Johnny Aitken in the quarter final. Winner will meet Mohs in one half of the semi-final.

Back now awaits winner of the Jim Harper-Lloyd Greer quarter final.

Final 36-hole match will be played Sunday.

Hunter Goes Back Home

Wild Bill Hunter, manager of the Saskatoon Quaker hockey club, left Edmonton this morning after a three-day visit.

Hunter indicated last night that he is interested in Jim Fleming, University of Alberta star and one-time member of Kansas City Pla-Mors.

However, Thomas was the lone Edmontonian to link a Quaker form cuts, a chattel of Toronto Maple Leafs, received an offer from Hunter. Fleming will likely be recent organizational meeting in Banff.

Investigations have been sent to the University of Alaska and University of Chile, among numerous inquiries is expected to be the largest team ski meet of its kind ever held in the world.

It was reported here yesterday that 30 universities are expected to participate in the event scheduled for Feb. 4-5.

## Three-Ring Circus As Cubs Shade Esks

### Bufs Cop Thriller By 4-3

CALGARY, Aug. 17.—Calgary Buffaloes, throwing 14 players into the game, last night walked off with a 4-3, third-inning victory over Purty in an Alberta Big Four Baseball league tilt.

Bufs trailing 3-0 going into the eighth inning, came up with a two-run rally in that frame to get back into the game, then put across two more runs in the ninth to win. Ken Terry provided the payoff blow when he singled to score Bob Blackhall.

Bill Busch, hurling four-hit ball to win the game, struck out 10 batters while Mike Johnson, clipped seven and Arnold Fernandez, who relieved Johnson in the eighth, only.

Manager Lloyd Bradley shuffled players in the last two frames to successfully get a winning combination.

Purity got away to a fine start when Carlisle lifted the first pitch over the fence for a home run in the opening frame. Ernie Beland doubled and scored on an error to make it 2-0 in the second, then an error, a passed ball and an infield out scored Weaver in the seventh.

Bob Blackhall, besides crossing the plate with the winning Buffalo run, personally retired the Purity side in bottom half of the ninth with three great centre-field catches.

Bufs trailing 3-0 going into the eighth inning, came up with a two-run rally in that frame to get back into the game, then put across two more runs in the ninth to win. Ken Terry provided the payoff blow when he singled to score Bob Blackhall.

Bill Busch, hurling four-hit ball to win the game, struck out 10 batters while Mike Johnson, clipped seven and Arnold Fernandez, who relieved Johnson in the eighth, only.

## Hotelmen's Fine 8-Run Rally All in Vain in Daffy Game

Lo, the poor Eskimos. Half a game on top, Rally for eight runs, Then lost on a walk.

The poetry may not be good, but neither was the gem from which it sprouted.

It was a sad saga of baseball which was unfolded at Renfrew park last night, Les Edwards' Cubs finally sneaking away with a 10-inning 15-14 win over Esks.

Even the daffy Dodge of Brooklyn couldn't have wrapped this one up in a brighter package. The scene was this:

Cubs holding 3-0 lead going into the first of the ninth, with right-hander Johnny McManus coasting along on a six-hitter.

McManus walked the first two batters, gave up two runs on singles by Dave Brockie and Eddie Morris, and then retired to the safer confines of the bench.

ON COMES HAWKEYE

On came Horrie Hawkey in a fireman's role. He fared better, not much Jerry Seaman lifted a short pop-up for the first out. Then came a walk to Bill Price.

With the bases clogged, pinch-hitter Ross Kortgard fanned on three pitches, leaving the Esks with two out and still four runs behind.

An error and two singles followed, producing five runs and giving Ralph Morgan's crew the lead for the first time.

Right fielder Bernie Anderson led the score for Cubs in the bottom of the ninth, coming home on an infield out after leading off with a two-bagger.

The crazy antics were just about over then. Esks went down with out a hit in the 10th as Hawkey started bearing down on the Esks.

Dick Lowe, who relieved Lefty Better in the ninth, gave Jack Hobson a free ticket to first.

Successive singles by Des O'Connor and Barry Robertson put Hobson on third with nobody out. Anderson came through with a long fly into centre field, Hobson scoring after the catch and putting an end to the three-hour battle.

Game started out as a runaway for the Cubs as baseman Jim Ryan opened the second inning with a home run over the left field wall. Two hits

# Four Men Better Than Nine Here

CALGARY, Aug. 17 (CP)—King Ed Feigner and his touring United States fastball foursome gave a sparkling display of diamond wizardry last night to prove that four good men are better than nine average players.

The touring club, playing with just four men, defeated Creamery Industry Supply of Calgary, Fastball league 4-1 in an exhibition contest last night.

The U.S. team will play an Edmonton all-star team at Kingsway Park Thursday night.

Feigner hurled six-hit ball to limit the intermediate Calgary squad to four runs, three of them as a result of long blows into the empty outfield. His battery mate was Meade Kimer, while the remainder of the team consisted of Gordon Mellick on third and Ken White at first.

Calgary players were unable to cope with Feigner's blinding speed and he retired 21 of the 34 batters to face him via the strikeout route. He made several strikeouts while pitching from second base instead of the mound.

# QUACKENBUSH TO BOSTON

NEW YORK, Aug. 17 (CP)—Detroit Red Wings yesterday exploded two National Hockey League deals with an eye to capturing the Stanley Cup in the coming ice campaign.

Wings announced a six-player swap with Boston Bruins in which All-Star defenseman Bill Quackenbush went to Boston. Later New York Rangers said they had purchased Norman (Bud) Poole, high-scoring right wing, from Wings.

Mass trade sent Quackenbush, mainstay of the Detroit rear guard, and forward Pete Horsek

# Wings Eye Stanley Cup Exploding 2 Big Deals

to Boston. Wings strengthened their forward line by acquiring from Bruins stalwart wingers Pete Babando and Jimmy Peters and also two defencemen, Clace Martin and Lloyd Durham.

Addition of Babando and Peters will help the front line considerably for Detroit, who last season topped the NHL during the regular season but dropped the Stanley Cup playoffs to Toronto Maple Leafs. Jack Adams, Red Wings manager, said he was willing to sacrifice dependable and popular Quackenbush in exchange for forward strength.

"We want the Stanley Cup," he

# Haywards Stage Thrilling Rally

Haywards advanced to the final of the Intermediate A Fastball league last night, but only by the narrowest of margins.

When the bottom half of the ninth inning rolled around last night, Haywards were trailing the Packers 10-5 in the third game of the best-of-three semi-final. The Lumineers then ran wild, scoring six runs to win an 11-10 verdict.

Beechey and Buziak each smacked a triple for the victory. Mike Worren piling out a homer for Packers. Haywards now meet Edmonton Transit System in the final.

BILLY SOUTHWORTH... Temporary rest.

# Billy Southworth Accepts Boston Leave of Absence

BOSTON, Aug. 17 (AP)—Billy Southworth, manager of the defending National league champion Boston Braves, last night accepted a leave of absence for the rest of the season, because of poor health.

Announcement of Southworth's temporary withdrawal as leader of the Braves was made by president Lou Perini just before the start of last night's game with New York Giants.

Perini said the team will be handled for the rest of the season by coach Johnny Conney, 48-year-old veteran National league and one-time Braves pitcher.

Southworth, his wife and daughter left for their Sunbury, Ohio home before the Perini announcement.

"The Braves owners," Perini said, "believe it will be better to have a healthy Billy Southworth managing the Braves in the spring than to have him so tax his physique and nerves now that he must not even recover completely."

He said Southworth will meet with club officials and doctors after the season ends to plan for 1950.

# Outlaws, Oilers Win

Texaco Oilers and Runt's Outlaws, who finished one-two respectively in the Southern B Baseball league regular schedule, were up to their old tricks as the playoffs opened last night.

Playing at Clarke Stadium, Texaco walloped Canadian Canucks 12-7, while Outlaws ambushed South Side Business Men 8-1 at the S.S. diamond. Games were first of best-of-three semi-final series.

Oilers exploded like a Leduc well in the third inning, scoring seven big runs. That was it as far as Canucks were concerned.

Freddie Clarke hurled the big bat for Outlaws, smacking a homer in the fourth, while Nick Maskewich hit a triple for the victors, 8-0 in the fourth with one on.

Mike Mack, Outlaw hurler struck out 14, while walking four.

# Precision Midgets Take Fastball Lead

Precision grabbed a one game lead in the best-of-three midget football semifinals last night, with an 11-1 win over Singers at Clarke Stadium.

Loewers were held scoreless after the first inning when they pushed across their only run on two hits and a walk.

King Batshelet, Nolan Marcus, won't be free tonight. Right length second and third. King Batshelet, Prince Babando and Jimmy Peters and also two defencemen, Clace Martin and Lloyd Durham.

Addition of Babando and Peters will help the front line considerably for Detroit, who last season topped the NHL during the regular season but dropped the Stanley Cup playoffs to Toronto Maple Leafs. Jack Adams, Red Wings manager, said he was willing to sacrifice dependable and popular Quackenbush in exchange for forward strength.

# Back In America For first time since war, Hiro-nashin Furuhashi, Nippon swimming champion, set a world record in National Amateur Athletic swimming and diving championships at Los Angeles last night. He won 1,560 metres qualifying event in 18:19. World mark is 15:58.

# Rain Aids Yanks In AL Flag Race

NEW YORK, Aug. 17 (CP)—New York Yankees were rained out of their game with Washington Senators yesterday and thereby gained a half game on the rest of the pack in the American league.

Boston Red Sox previously only three games back of the Yanks took a shattering from Philadelphia Athletics 14-1 to slip to 2 1/2 games back. Cleveland Indians, who entertained Detroit Tigers, lost 5-0 to land in second place by two percentage points over the Sox.

Over in the National league, the leading Brooklyn Dodgers led their half-game margin over St. Louis Cardinals as both teams lost. Brooklyn went down 3-1 in 12 innings to Philadelphia Phillies and St. Louis were dumped 5-4 by Chicago Cubs.

Big Al Benton, ex-Tiger who was released unconditionally by Detroit last fall, faced his old mates for the first time this year and pitched a masterful six-hitter for Cleveland. He allowed no walks and no Tiger reached third.

At Philadelphia, Sam Capmen's 16th homer of the year in the eighth inning started a four-run rally that carried the Athletics to their victory over Boston. Defeat snapped Red Sox winning streak at seven.

As the team continued to lose ground in the pennant race, rumors spread of dissension among the defending champions.

At the start of the season, a Boston newspaper columnist charged the players resented what the writer claimed was Southworth's habit of taking full credit for winning the pennant in 1948.

That storm died down as the season pressed but new reports of jealousy grew as the Braves slipped further back of the leaders.

# BUCK ROGERS PULLS 'BARTOLINI' ON RIDERS

REGINA, Aug. 17 (CP)—Bill (Buck) Rogers tossed a small bombshell into the ranks of the Saskatchewan Roughriders last night when he revealed that he was leaving the club.

Rogers, a 21-year-old 200-pounder who performed with Ottawa Rough Riders last season, informed Regina officials he had decided to go back to the capital city to continue his schooling but there were reports that he might turn out again with the Ottawa team.

His announcement took the 'Rider executive completely by surprise. It had been thought he was happy in his new surroundings in Regina. (Ed. Note: Ralph Bartolini pulled a similar move on Edmonton Eskimos.) He also returned east to line up with Ottawans.

## Wheat Estimate Down From 1948

Less Than Two Million Bushel Crop Below 10-Year Average

OTTAWA, Aug. 17.—(BUP)—Canada's 1949 wheat crop will be 1,800,000 bushels below last year's output, the Bureau of Statistics reported today in its first estimate of principal field crops this year.

The bureau's report added that the 1949 wheat crop would be also well below the 10-year (1939-48) average production by 18,000,000 bushels.

Wheat would not be the only field crop which would have a yield below that of last year, the bureau added. The production of oats, barley, rye, flaxseed, hay and clover, and potatoes would all be down from last year's production.

**142 PER ACRE**  
Estimated average yield of wheat per seeded acre is 142 bushels as compared with 163 bushels last year and the 10-year average of 174 bushels per acre.

The wheat crop is being harvested from a near-record seeded area estimated at 27,500,000 acres, slightly exceeding that of last year, and well over the average for the 10-year period.

Despite the near-record seeded acreage, the wheat yield is expected to be only 531,500,000 bushels.

The production of oats in 1949 is estimated at approximately 317,000,000 bushels, a reduction of over 41,000,000 bushels from the 1948 crop.

A decrease of almost four bushels per acre from last year's average yield more than offset the slight increase in acreage seeded to oats this year.

Barley production, estimated at 126,500,000 bushels is down 28,500,000 bushels from the 1948 level.

**SLIGHT GAINS**  
With the exception of slight gains expected in the Maritimes, production prospects for barley are lower in all provinces this year, with an expected decrease of 27,000,000 bushels in the prairies alone.

A decrease of approximately 60 per cent from the 1948 production is expected for this year's rye crop in Canada. The combined output of 1949 is estimated at 23,300,000 bushels compared with 23,300,000 in 1948.

A sharp drop in Canadian flaxseed acreage, combined with lower anticipated average yields than in 1948, had brought about a considerable reduction in this year's flaxseed crop, which is currently estimated at 2,500,000 bushels.

**Church Allows Red Marriages**  
VATICAN CITY, Aug. 17.—(UP)—The Vatican announced today a non-militant Communist may be married in the Catholic church if he promises that any children will be reared in the Catholic faith.

The decree was issued by the Sacred Congregation of the Holy Office, the same arm of the church which on July 1 proclaimed the ex-communication of all Communists.

**Funeral Directors Re-elect President**  
CALGARY, Aug. 17.—(CP)—A. J. McInnis of Calgary was re-elected president of the Alberta Funeral Directors' Association at the opening meeting of the 21st annual convention of the association. The meeting will continue until Wednesday.

**Thousands of sufferers from stomach disorders have tried and proven Hy-Pa-Cids Tablets bring relief they never dreamed was possible! So, if your stomach bothers you—if you can't eat what and when you like—if stomach pain robs you of sleep—try reliable, proven Hy-Pa-Cids Tablets. Hy-Pa-Cids soothe, quickly—because they neutralize the acid causing stomach distress. And they bring lasting relief because they form a protective coating on the stomach wall to prevent further discomfort caused by acid action. No special diet is necessary.**

Sufferers say they get welcome help with two or three boxes of Hy-Pa-Cids. In a few days several boxes relieve the condition causing distress.

So join the army of thankful Hy-Pa-Cids users—see for yourself how much better you feel with a happy stomach. Ask for Hy-Pa-Cids at your druggist's today—24 tablets, \$2.00. 21

The strange, luminous forms of marine life which inhabit the depths of the ocean, yesterday saw a white sphere suddenly lower itself into their midst.

Inside the sphere was a creature they had never seen before—a man.

Armies of spiraling shrimp buried themselves in a barrage against a window in the sphere through which the man was intently peering.

The man was Gus Barton, marine explorer, who in his new diving bell, the "Bathyscaphe," set a new deep-sea diving record yesterday. He descended to 4,550 feet, bettering his own record of 3,028 feet, achieved in 1934 off Bermuda with naturalist William Beebe.

Barton telephoned his observations to an assistant on the barge from which the "Bathyscaphe" was being lowered by cable.

At 2,500 feet, "I see a barrage of luminous, spiraling shrimp beating against the window. They seem to splash when they hit."

A long, thin, brilliantly-lit fish went by. It looks like an eel."

At 2,500 feet, "I see a barrage of luminous, spiraling shrimp beating against the window. They seem to splash when they hit."

**ANTI-POLIO FIGHT** is waged by helicopter in Springfield, N.Y. Town of 3,000 hired a helicopter to cover its swamps, stagnant pools, backyards and river with an aerosol fog containing DDT. The fog, forced into mosquito-breeding places by the powerful downdraft of the copier's main rotor, killed off the town's mosquito and fly population, and, residents hope, any further polio.

## Canada Talent Export Scored by U. of S. Dean

OTTAWA, Aug. 17.—(CP)—The old cry that Canada is losing her best professional men to the United States was heard again yesterday before the Royal Commission on Arts and Science Development.

Dean J. F. Ledy of the University of Saskatchewan said some of Canada's best men who did a great deal of cultural research for Canadian universities now were taking up posts in American universities.

**Industry Jobs Highest Yet**

OTTAWA, Aug. 17.—(CP)—The index of industrial employment in Canada this year set a new high for May, the Bureau of Statistics reported today.

Based on 1926 average as 100, the index of industrial employment rose from 180.1 at May 1 to 194.4 at June 1. The previous high for the time of year was 192.3 at June 1, 1948. During the war years, the peak index for the beginning of June was 181.2 in 1942.

The figures were based on reports from 20,306 of the largest firms in the eight major industrial groups. They reported a 2.8 per cent increase in their personnel.

The bureau said this advance was similar in size to that indicated at the corresponding date last summer but was on a rather larger scale than at June 1 in earlier years since 1941.

Accompanying the increase in employment was a gain of 0.8 per cent in the weekly salaries and wages paid by the reporting firms.

The increase was limited to the non-manufacturing sector, where lower payrolls were reported. On the whole, in the factory group largely as a result of the observance of the Victoria and Ascension Day holidays.

Weekly earnings in the eight major industries average \$42.34 at June 1 compared with \$43.19 at May 1.

The average weekly earnings at June 1, 1948, were \$40.02.

**Freak Weather**  
GREENVILLE, Me., Aug. 17.—(UP)—Early one week after the temperature flirted with the 100-degree mark, it was 32 degrees at this Moosehead Lake community early today.

**4,550 FEET DOWN**  
New World Under Ocean Viewed by Sea Explorer

SMUGGLERS COVE, Calif., Aug. 17.—(AP)—An "unbelievable world" 4,500 feet under the sea and filled with weird and wondrous creatures, has got its first glimpse of man.

The strange, luminous forms of marine life which inhabit the depths of the ocean, yesterday saw a white sphere suddenly lower itself into their midst.

Inside the sphere was a creature they had never seen before—a man.

Armies of spiraling shrimp buried themselves in a barrage against a window in the sphere through which the man was intently peering.

The man was Gus Barton, marine explorer, who in his new diving bell, the "Bathyscaphe," set a new deep-sea diving record yesterday. He descended to 4,550 feet, bettering his own record of 3,028 feet, achieved in 1934 off Bermuda with naturalist William Beebe.

Barton telephoned his observations to an assistant on the barge from which the "Bathyscaphe" was being lowered by cable.

At 2,500 feet, "I see a barrage of luminous, spiraling shrimp beating against the window. They seem to splash when they hit."

A long, thin, brilliantly-lit fish went by. It looks like an eel."

At 2,500 feet, "I see a barrage of luminous, spiraling shrimp beating against the window. They seem to splash when they hit."

Many Fascinating Wonders

ARCHIE—

**By THORNTON W. BURGESS**

John Minton has been known as the "father" of the American motion picture industry. He was one of the first to see the possibilities of the new medium, and he was one of the first to make it a business.

Minton's career began in 1896, when he founded the Edison Trust, which produced the first motion pictures shown in America. He was also one of the first to introduce the concept of the "feature film," which is now the standard format for motion pictures.

Minton's success was due to his vision and his ability to organize and manage a large-scale production enterprise. He was a pioneer in many ways, and his contributions to the motion picture industry are still remembered today.

## Utilities to Electrify 600 Drumheller Farms

DRUMHELLER, Aug. 17—Plans have been made here to have 600 farm homes in this district electrified within the next few months, according to a spokesman from the Canadian Utilities. Eight or ten units, some of them on a co-operative basis using power from the Canadian Utilities plant here, will be required to service the area.

## RIMBEY AREA REPORTS FIRST WHEAT CUT

RIMBEY, Aug. 17—First wheat cutting in the area is reported from the farm of Fred Sprecker. Most of the winter wheat in the district was badly winter-killed and ploughed under in the spring. From Saturday night damaged gardens in the low-lying places, but is not believed to have injured grain.

## Luther League Gives Program

BAWLBY, Aug. 17—Members of the Luther League presented a very enjoyable program in the Lutheran church on Sunday honoring Sister Marie Weika, matron of Bethany Sunset Home here, and her helpers, Miss Betty McKay and Miss Dorothy Olson, who are leaving to take up residence in the new Bethany Home in Camrose. The program included hymns, solos, trios, quartets, devotional and a Topic. Those taking part were Miss Lois Uglem, Alf Olson, Miss Doris Storvik, Miss Theima Laitin, Miss B. McKay, Milton and Anton Mosana, Miss Lucy Gertsch, Mrs. Erna Storvik, John Storvik, Miss Florence Hagen, Art Henderson, A. Gundersen and Hagen Ronsberg. At the conclusion of the program John Gertsch presented Sister Marie and Miss Olson and Miss McKay with gifts in memory of their friends in the league.

## Work Starts On Hospital

RIMBEY, Aug. 17—Work on the former St. Paul's hospital has commenced, with Frank Hewitt, Bentley, as contractor. St. Paul's recently was purchased jointly by municipal districts of Ponoka, Lacombe and Last West, as a convalescent hospital. Changes including tearing away the porch and building a glass enclosed verandah and the installation of an elevator, which has been procured at a cost of \$10,000.

## Division Advances Rural Centralization

SEDEGWICK, Aug. 17—Trustees of Killam School division devoted considerable attention at a recent meeting to plans for increasing the rural school at Merna from two to three rooms.

BRITISH READY air giant as aircraft workers draw the double-decked hull of Britain's latest and fastest flying boat into a fitting out hangar in Cowes, England. With a seating capacity of 105, the 140-ton craft will be capable of flying non-stop service between London and New York at a speed of 380 mph. The hull alone is equivalent in weight to three-and-a-half Constellations.

## Lac La Biche Navy Cadets Sweep Coast Camp Awards

LAC LA BICHE, Aug. 17—Lac La Biche division of the Exeter area cadets corps arrived home on Friday after a very successful two weeks camp at Camp Latona, situated on Gamber Island in the Pacific ocean off shore from Vancouver, B.C. The camp is sponsored by the Navy League of Canada and is conducted by the Royal Canadian Navy.

Lac La Biche cadets certainly made a name for themselves this year at the coast and their achievements made up to some extent for the not too successful attempt to navigate the North Saskatchewan River last month. There were 80 boys at the coast in this camp period. Fifteen being from Lac La Biche. Others were from Wainwright, Wetaskiwin, Camrose and Millar and some from British Columbia. The 15 from Lac La Biche won 32 awards and brought home the pennant emblematic of the most outstanding corps in the camp.

Naturally they felt very proud of themselves and the pennant was a feeling of a couple of the cadet headquarters here. The cadets went to camp under the supervision of Lieut. J. H. Wolstenholme, SDQM, who is second in command of the corps.

This corps is commanded by Lieut. Rev. J. E. McGraw, who was unable to attend the camp this year owing to pressure of parochial duties.

It is expected that much of the labor of erection would be done by volunteer help right after harvest-time if plans materialize according to present schedule.

VERMILION, Aug. 17—Interim financial report presented by secretary-manager S. C. Heckbert at the meeting of the directors of Vermilion Agricultural Society Saturday night, showed receipts were entirely satisfactory and sufficient to pay running expenses and building improvements made during the year.

A delegation from Post 11 of the Canadian Legion attended the meeting and asked permission to use the fair grounds to hold a stampede in 1950. No exact date was specified. The directors promised to give the matter careful consideration and assured the delegation that the Legion would have first chance at the grounds, provided the directors decided to allow the grounds to be used for that purpose.

A request for permission to move the Armory building on the ground came through Mayor W. P. Plinke from the Department of National Defence. This was not favorably received and a committee was appointed to look into a site at the northwest corner of the grounds and it found suitable to suggest its suitability to the Mayor.

A committee was appointed to arrange for a sale of thoroughbred stock under the direction of the fair board late this autumn.

Norwegian residents of Red Wing, Minn., are credited with the troublemaking in North America in 1886.

And Shekter comes out from his collar long enough to suggest maycock, where he should have gone for gas.

To Pop the only grudge these days is that the business of hauling the press and his friend over the mountains is that he is losing valuable time training his dog for

the boxcar was attached to a circus train.

First presence of the monkey was reported by a farmer and his wife who went home from town and found it sitting on a telephone table raising cookies. The monkey skipped.

Then it went to another farm where it became quite an attraction at a series of barn dances. Edson young folk enjoyed intermission sport of throwing bananas to the monkey.

The monkey enjoyed the bananas and threw the skins back at the crowd. Many caught banana skins but nobody caught the monkey.

## Modern Military Highway Urged

Yellowhead Group Suggests Linking of Western Cities

JASPER, Aug. 17—The Trans-Canada Highway System association (Yellowhead route) at a meeting here Monday night passed resolutions urging a federal highway commission and completion of the Yellowhead route first as the most immediate necessary portion of the continental system.

The resolution urged the federal government to complete a modern military highway the Trans-Canada highway system which connects Winnipeg, Saskatoon, Edmonton, Jasper, Kamloops, Vancouver, and Jasper, Medicine Hat, Prince George and Prince Rupert.

Another resolution urged the British Columbia government to continue its construction of a modern highway from Yellowhead summit to Vancouver via Blue River and Kamloops.

The association also urged the department of mines and resources to include the road between Jasper townsite and the B.C. border in its 1950 development program, with completion in the next two years.

Another resolution asked the federal government to make a special grant to the British Columbia government to complete the road through Mount Robson provincial park.

Ball League Receives New Trophy

DRUMHELLER, Aug. 17—Ed. Stephens, prominent sportsman of this city who permits his enthusiasm to extend to donation of trophies and awards, hopes that his new cup for the Red River Valley Baseball League will last longer and be luckier than the last one which melted away in a fire at Nacmne early this spring.

Stephens, who put the trophy on display this week as an incentive to greater attendance to the play-off, says that donating a trophy keeps him out of the mood of predicting winners in the league but gives him extra enjoyment out of the play throughout the scheduled playoffs.

Last year's trophy, won by the Nacmne Diamonds' current favorites to win the championship for a second time, was in the business premises of Roy Arling, club manager, when the building was demolished by fire.

Teams still in the race for the league championship are Nacmne, Three Hills and Wayne. Rosedale Midways were eased out of the play through by Three Hills a week ago.

Misfortune Hits Bellis Family Twice One Night

BELLIS, Aug. 17—While Mr. and Mrs. Sam Rocco were at a wedding dance at Wahstia, Saturday night, the spare tire was stolen from their car. When they returned home, they found the inside of their home had been gutted by fire, with the furniture in the yard.

Fire had started in the wall behind the stove and was not discovered until a neighbor, Mrs. Isaac Sandonik, saw columns of smoke pouring through the roof. Mrs. Sandonik pushed and pulled the chemical wagon half a block to the fire. Other volunteers soon arrived. Fire loss is partly covered by insurance.

Campaign Finally Brings Results

DRUMHELLER, Aug. 17—Public rest room for this city's downtown section, one of the projects urged through the years by various service clubs, now appears possible through the activities of the Women's Institute.

It is expected that much of the labor of erection would be done by volunteer help right after harvest-time if plans materialize according to present schedule.

High Prairie Boys Lose At Donnelly

HIGH PRAIRIE, Aug. 17—High Prairie midgeet boys' ball team lost part in the Donnelly baseball tournament. After trailing 4 to 0 at the end of the third inning the Donnelly boys came back to take the lead and win the game by a score of 6-3. The boys were driven by Max Vanderagen and Laurie Savill.

Contrary to public opinion, the 200-inch telescope will be little used for the purpose of observation. Medium telescopes are more adapted to this.

## BROKEN BAT SENDS PLAYER TO HOSPITAL

ANDREW, Aug. 17—At the baseball game between Shandro and Sunland, a baseball broke in two in the hands of Steve Tschuck, the lone left arm struck Mike Hrykoryk on the forehead and fractured his skull. Mike is in the Willingdon hospital.

## Severe Storm Causes Heavy Crop Damage

CALGARY, Aug. 17—(CP)—A severe hail storm in the area Saturday caused 100 per cent crop damage in a number of areas and left hailstones piled 3 1/2 feet high in some places.

In some sections it battered an area which only a week ago was under a heavy hail storm. It struck by one of the worst hail storms in the history of the province.

Saturday's storm skirted the southern fringe of the previous week's hail. Starting east of Lacombe, it moved northeast of Ponoka through Bawlt, Bawlt and Bawlt. It also branched out east through Daysland, Hardisty, Strone, Killam and Sedgewick.

Glen Elder, chairman of the Alberta Hail Insurance Board, reported that damage ran up to 100 per cent in the Daysland area where the hail was piled deep. The width of the storm was two to five miles. In the Lacombe and Ponoka districts the damage was not as severe. Reports of damage are not very complete.

The hail storm, which followed a similar course, damaged nearly 250,000 acres totally and did lesser damage to a far greater acreage.

Fifty Attend Vacation School At Ponoka

PONOKA, Aug. 17—Ponoka United Church, for the past two weeks, from August 1-12, has been the scene of many activities of 50 vacation school children.

The vacation school organized by Mrs. W. Park, assisted by Mrs. C. B. Sutherland, directed the primary group. The work in the junior department was begun by Mrs. Park.

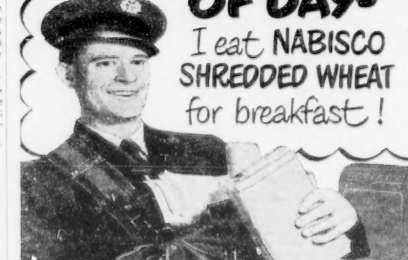

For the vacation school, Helen Petersen, and Stanley Baker. The program consisted of worship, Bible study, handicraft, games and singing. Everyone made a booklet to keep as a record, and while the tiny tots made piggybanks and sun hats, the older one did soap carving, spatter-work and made plaster of Paris plaques and ornaments.

On the last day of the school the mothers attended the regular morning session which was followed by a picnic lunch on the lawn.

The vacation school assisted with the church service on Aug. 14. After the service the congregation viewed the vacation school handicraft, which was on display.

Jamaica is the largest island in the British West Indies, forming part of the Greater Antilles.

## FOR MY KIND OF DAY I eat NABISCO SHREDDED WHEAT for breakfast!

plenty of leg work in my day... and, brother, that takes energy! So, I eat nourishing NABISCO Shredded Wheat for breakfast. Those delicious golden biscuits are made from pure 100% whole wheat. Contains no food elements we all need! Step along with NABISCO Shredded Wheat eaters yourself. You'll love this tasty, wholesome cereal every morning!

and NABISCO SHREDDED WHEAT gives you the BIG 2-in-1 breakfast buy!

delicious hot cereal or satisfying hot porridge!

Just add salt to 1 cup boiling water. Simmer 5 minutes. Stir in NABISCO Shredded Wheat biscuits. Cook 1 minute more.
